## IMTS 2024 CUSTOM BLOCK COLORS & LEVELS

Custom Block Placement is determined following these steps:

- Total the weights of all display shipments, including weight of crates and skids
- Add the machinery weight and the display together to obtain the total weight for the booth
- Determine the square footage of the booth (Example: 20' X 20' = 400 sq.ft.)
- Divide total weight for the booth by the square footage to obtain the weight density

### EXAMPLE

Total Machines	10,000 lbs
Total Display	5,000 lbs
Total Weight	15,000 lbs
Divided by 400 sq.ft.	37.50 lbs per sq.ft. (weight density)

This would equate to an ORANGE Custom Block

The discount deadline for all services is  
**JULY 26, 2024** (Pricing does not include taxes)

- Discount pricing will apply to all orders received by JULY 26, 2024 with full payment. Orders received after JULY 26, 2024 or without payment are subject to standard pricing.
- Separate outlets should be ordered for each piece of equipment and/or location.
- A detailed floor plan indicating main power location(s) and distribution points is required if applicable.
- If a power location is not provided prior to show move-in, a location will be determined by Freeman in order to maintain delivery schedules. Relocation of the service(s) will be charged at the show site labor rate.
- If you require assistance with installation of lights or have other electrical requirements, please see the Electrical Labor order form for rates and instructions.
- On show days, electricity is turned on 30 minutes prior to show opening and turned off 30 minutes after show closing. If power is required beyond this time, special arrangement must be made in advance by contacting Freeman. Additional charges may apply.
- Power will be turned off 2 hours after show closing on the final show day, September 14.
- Please order 24 hour power if uninterrupted power supply is required for the full duration of the show.
- If a dedicated circuit is required, please order a 2000 watt (20 amps) outlet.
- Electrical outlets cancelled after installation and prior to show opening will receive a 50% refund on above rates. Refunds will not be issued for materials and/or labor if cancelled after outlet installation.
